ORONER'S JURY INVESTI-GATED-TESTIMONY OF THE WITNESSER.

Charles Robinson, colored, was found weltering in his own blood on 18th St. Wednesday, August 19th. He had been struck with a brick thrown by Willie Hubbard, also colored.

The testimony shows that the altercation began about a matter too trifling to be mentioned.

The result is however that one man is in his grave and the other awaiting trial for murder.
